

Event Fencing and Temporary Barricades

Twice the elegance for half the hassle. Signature® Panels are our premier special event and exhibit fencing. Constructed to create sturdy, reliable enclosures while featuring an upscale look and feel, Signature® Panels are the perfect fencing solution for a variety of events, tradeshows, and festivals.

These pre-assembled, sturdy panels are easy to transport and use. They can be deployed in minutes without the use of tools and with minimum labor. Signature® Panels interlock with a hook and loop structure. Panels connect together quickly and easily for increased stability and decorative caps are attached to change the look and style of your barrier.

Signature® Panels are available in two unique styles. From a classic Picket style to our more sophisticated Traditional style, Signature® Panels are sure to add taste to any occasion. Transitional posts are available to change between traditional and picket styles as needed.

Pre-Assembled, Modular Fencing

Fast to install and completely customizable fencing for any event or installation. Barricades direct traffic flow or restrict access with minimal installation time. All fencing is lightweight, portable, and simple to install.

Each Signature panel is durable, maintenance free, and contains high impact modifiers and superior UV inhibitors which increases fencing longevity. Signature panels never need painting and will not rot, warp, rust or corrode and are easy to keep clean with common household cleaners.

Base and post connections are included and made from powder coated galvanized steel (not sold separately).
