

Customizable, Transparent Top Dance Floor

Want to add a little custom flair to your dance space? How about your company logo? Look no further than VersaFloor, the most versatile dance floor on the market. Personalize any event by inserting panels of any logo, picture, color, or design quickly using the abrasive-resistant removable acrylic top. The options are endless to showcase your special occasion or event.

VersaFloor portable dance floor tiles are built to accommodate interchangeable inserts in every panel. Simply remove the clear acrylic sheet, lay down any appropriately sized insert into the panel, then slide the top back over it creating a sturdy dancing surface while displaying your design or image. We also provide a selection of standard inserts available in three patterns: Plaid, Rainbow Sheen, and Silver Lens. These inserts create a dance floor that is fun, stylish, and sleek for any occasion.

FEATURES AND BENEFITS

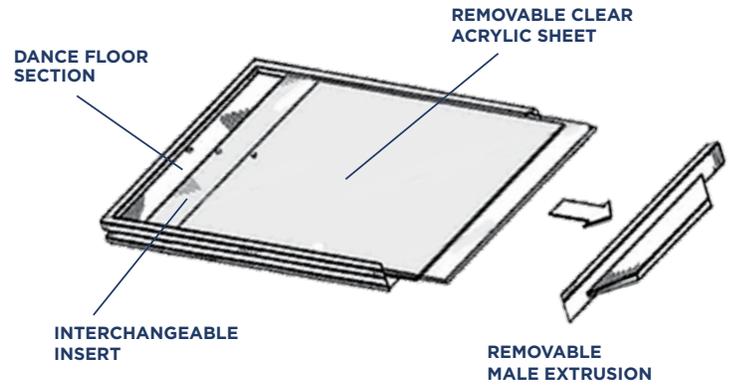

- Durable, clear acrylic top allows your custom designs and images to be featured on the floor itself.
- Great for themed parties, corporate events, sponsored occasions, or any time you want your dance floor to really stand out.
- Active connection system prevents panels from pulling apart up, down, or sideways.
- Hologram inserts give the appearance of a lit dance floor.

Simple to Use

As with our entire line of CPDF dance floors, our VersaFloor panel uses a unique, tongue-and-groove connection system which is simply pressed together and then screwed in place to form a secure, seamless connection between panels. These panels are designed to create an even, stable dance surface over unprepared or uneven ground indoors and out.
