

Light-Duty Tent Flooring and Turf Protection

A wedding, a political rally, a graduation ceremony, a concert; no matter your event, we are sure that it will leave a mark on the world. Let's just make sure it doesn't leave a mark on your turf. For decades, Signature Systems Group has provided the go-to portable flooring and turf protection for a wide variety of occasions. EventDeck® is a modular, temporary flooring and pathway solution that provides pedestrian access, floor protection, and decorative enhancement for a variety of events and functions.

EventDeck® is incredibly quick and easy to install without tools. At a fraction of the cost of built-up wooden flooring or decking, its unique design allows you to cut down on labor, installation time, and long-term maintenance. Let EventDeck® take the wear and tear off your turf, as well as your mind.

EventDeck® is available in 2 styles, each one specifically engineered to handle the wide variety of grasses and surface conditions:

- EventDeck® 1 is designed for natural turf protection and is constructed with tiny surface holes to allow for drainage and air flow to keep your grass healthy.
- EventDeck® 2 is a completely flat, smooth surface suitable for use over synthetic turf.

EVENTDECK® 1

4 in (10.7 cm)

12 in (30.5 cm)

0.8 in thick (1.9 cm)

FEATURES & BENEFITS

- Unique ribbed structure adds strength

EventDeck® Expansion Joint

Only Signature Systems Group has engineered a solution to protect stadium covers from temperature fluctuation. The EventDeck® Expansion Joint accommodates thermal expansion in our temporary floor and prevents buckling and deformation. No other system has such a patent-pending feature.

Buyer's Guide to Portable Flooring

EventDeck®: Light-duty turf protection. For use at small to medium sized events in which natural grass and turf protection is the priority.

UltraDeck: Medium-duty turf protection and tent flooring. Ideal for use at medium to large sized events and features a greater degree of protection and weight loading capability.

ArmorDeck®: Heavy-Duty ground protection and event flooring. Features the greatest load capability while maintaining full turf protection. For use at large sized event or light industrial applications.

EventDeck® is perfect for

- Turf Protection
- Concerts
- Graduations
- Walkways
- Tent Flooring-Special Events
